

## Heavy Equipment Mechanic Apprenticeship

Do you have an interest in becoming a Heavy Equipment Mechanic? Looking for an excellent training opportunity? Everett area general contractor has an opening for a self-motivated **Heavy Equipment Mechanic Apprentice**. If equipment or auto repair is of interest to you and you are a hard working individual, this might be an excellent fit!

Our company offers general construction services on both public and private construction projects in King and Snohomish Counties. Hard work, dedication and respect are qualities which have earned us a reputation for completing work on time and under budget. We are looking to add qualified and dependable members to our team.

### Job Description:

- Pick up and deliver parts and vehicles
- Steam clean equipment in preparation for repair
- Gain knowledge regarding the use of diagnostic equipment and specialty tools to troubleshoot and repair components.
- Disassemble, clean, recondition, inspect, assemble, and test components.
- Assist with routine maintenance required for heavy equipment such as dozers, backhoes, excavators, loaders, dump trucks, forklifts, hauling trailers and hoe packs.
- Maintain accurate records of all maintenance and repairs performed.
- Order heavy equipment parts as necessary.
- Assist with field and emergency repairs as necessary.

### Job Skills and Requirements:

- General knowledge of routine maintenance required and care of heavy equipment.
- Dependable, punctual, and hard-working.
- Strong organizational skills and attention to detail.
- Strong desire to learn and acquire new skills.
- Must have clean Washington driver's license.
